

A brief history of blahtex

David Harvey

January 28, 2006

Version 0.1 (Jul/2005)

You don't want to know about this one.

Version 0.2 (2/Aug/2005)

Initial public release

Version 0.2.1 (8/Aug/2005)

- Now compiles under Linux.
- Input now from standard input instead of a file.
- Output is now UTF-8 instead of ASCII.

Version 0.3.x (Aug 2005 to Jan 2006)

Series of internal development releases...

Version 0.4 (???)

Completely rewritten from scratch. Would be an act of irresponsibility to list every change.
